

To Hon. Gemma Buendia Lubigan,

I'm John Alfred N. Pioquid, A 4th Year College Student of National College of Science and Technology taking up Bachelor of Science in Information Technology. I'm a consistent academic excellence student awardee since preparatory until now. Both of my parent is unemployed and just rely on our savings that comes from my father's hard work when he is a sea ferrer.

This educational assistance would be a great help for me since my expenses have been so high because of the tuition. This would be a big ease on the part of my parent financial expenses.

I will surely assure you that this opportunity would not turn to waste. Hoping for your positive response.

Thank you for your time and considerations.

Respectfully yours,

John Alfred N. Pioquid
